LO.D.E. AND B.E.S.L. TO ATTEND DIVINE SERVICE

The members of Crows' Nest Chapter L.O.D.E., and Blaimore Branch of the Canadian Legion, B.E.S.L., will attend divine service on Sunday next, November the 6th, at St. Luke's Anglican church, when Rev. A. S. Partington will address them at 7 p.m.

The Vets will meet at the Legion rooms, proceed to the service and join the ladies outside the church, where they are asked to congregate. This is not to be confused with the annual Remembrance Day service, which is to be held in the Orpheum theatre on the morning of the 11th.

On Monday, November 7th, at 7:30, the L.O.D.E. will hold their regular monthly meeting at the home of Mrs. A. Womersley, at which all members are requested to attend.

LECTURE ON "JEAN VALJEAN"

Of more than ordinary interest is the forthcoming annual turkey supper to be held in the United church on Wednesday next, November the 9th. Supper will be served from 5:30, to be followed at around 7:30 by a lecture by Rev. J. Victor Howey, B.A., of Milk River, on "Jean Valjean." In this latter event, a real treat is in store for the people of Blaimore. Mr. Howey's dramatization of the subject is worthy of this thrilling story. Nineteen years in prison for stealing a loaf of bread; released; robbed a bishop and a boy; gave himself up to save another; sentenced to death; escaped; caught again; cared for an orphaned girl. These are only an outline of what has to be portrayed.

Don't miss it. A nominal fee of fifty cents will be made for the supper, and silver collection at the door for the lecture and entertainments ensures your full money's worth.

FERNIE LOSES N. E. SUDABY

We regret very much this week to report the closing of Mr. N. E. Sudaby's drug business. Several weeks ago he purchased a business in Duncan and is moving his stock from Fernie to that town. The Sudaby Drug store has been one of the show places of the city of Fernie. There has not been a drug store that we know of in Canada that could compare with it in quality of fixtures and stock and its removal is a severe loss to the town.

Mr. Sudaby, who has resided in Fernie for some thirty years, has been one of our foremost citizens, having always taken the keenest interest in everything pertaining to the good and welfare of the community and his decision to go to the coast is a direct loss to the city.

During his term of office as president of the Board of Trade, that body was always on its toes. He also made a good live president of the Rotary Club last year. He will prove a real asset to the city of Duncan and we wish him every success in his new venture.

We understand that Mr. Sudaby will leave for Duncan in a few days, but that his good wife will remain in Fernie until spring.—The Fernie Free Press.

\$35.00 CONTRIBUTED FOR NAVY LEAGUE

Rallying to support the Navy League of Canada in its work of assisting widows and orphans of the merchant marine, Blaimore citizens subscribed \$35.00 to this cause in a recent campaign here, conducted by Fred Cooke, organizer of the Alberta Division. The Sailor magazine, published quarterly, may be obtained by the payment of \$1.00 per annum in addition to your donation to our funds. The regular fee for the magazine is \$2.00 per annum.

Subscription may also be sent to the secretary-treasurer, 731, Public Building, Calgary, Alberta.

PATRONS BENEFITED BY NEW EQUIPMENT

Cole's theatre make an important announcement to those who are troubled with sight or hearing.

The new sound screen which is entirely covered with glass beads gives a uniform light and a charm of definition which is pleasing to the most delicate eye.

To those who are hard of hearing here is something very important. With the arrangement now in use, it is possible for you to enjoy all talking pictures shown at this theatre. Many are already making use of the opportunity and the results are very successful.

Demonstrations given upon request.

DEATH OF THOMAS EVANS

The sad death occurred at the Hillcrest hospital on Monday of Thomas, nineteen-year-old son of Mr. and Mrs. Martin Evans, of Todd Creek, following a critical operation for appendicitis.

Tommy was very well known in the district and most popular. He was a shining light as pitcher with the Todd Creek baseball club, and was seen in action quite a few times the past season.

Besides his parents, he leaves three brothers and one sister to mourn his loss.

The remains were brought to Blaimore, where interment took place yesterday forenoon in the Catholic cemetery, following service held in St. Anne's church. The funeral was very largely attended, practically all homes in the district north of Lundbrook being represented.

DEATH OF MRS. C. P. HILL

Victoria, Oct. 26.—Mrs. Enid Mary MacLean Hill, wife of Charles Plummer Hill, died at her home here today. She had been in ill health, but her death was unexpected.

Born in New Glasgow, Nova Scotia, Mrs. Hill was the daughter of the late Mr. and Mrs. T. A. MacLean, of Charlottetown, P.E.I., and was married to Mr. Hill in 1904. For many years they resided at Hillcrest, Alberta, where Mr. Hill established the Hillcrest collieries and the Hillcrest Coal and Coke company. They afterward resided in Montreal, coming here 11 years ago.

Mrs. Hill has been closely identified with the Imperial Order of the Daughters of the Empire, and until her death was president, for the eighth year in succession, of the Mary Croft (Esquimaux) chapter and was third vice-president of the provincial chapter.

T. A. MacLean, of Antigonish, Nova Scotia, D. J. MacLean, of Toronto, and Walter J. MacLean, of Calgary, are brothers.

DIETRICH ACHIEVES FAME BY TALENT

Marlene Dietrich, teamed with Clive Brook, with Anna May Wong, Warner Oland and Eugene Pallette in support, who is seen in the stellar role in "Shanghai Express" at the Orpheum theatre for the next three days, achieved her remarkable success as the result of hard work in developing her remarkable talents. Her history proves that she gained fame and popularity as the result of merit; not through the caprice of good luck.

Miss Dietrich is five feet five inches tall and weighs 120 pounds. Her hair is naturally curly and has a beautifully red-gold tone. Her eyes are deep blue and her complexion is ivory-white with considerable natural color.

Her father, a German army officer, planned a musical career for his attractive daughter and carefully supervised her education. At an early age she was sent to a private school at Weimar where she studied the violin, piano and singing, and mas-

Lest We Forget.

Fourteen years have come and gone since that momentous eleventh hour of the eleventh day, of the eleventh month of 1918, when the armistice which ended hostilities in the greatest war in the history of mankind became effective. Once again the people of Canada observe "Remembrance Day"—a day on which they pay tribute to the memory of the thousands of their fellow citizens, men and women, who gave their lives in a cause which to them, and to us who survive, was a sacred, a noble cause, namely, a war to end war.

But as we look back over those fourteen years, and as we view the state of the world today, we are perplexed as we seek an answer to the question: Has war, after all, been ended? We are disturbed and suffer disquietude as we contemplate the present world situation. Were the sacrifices of 1914-1918 all in vain? Is something worse to follow?

The nations of the world have not disarmed; quite the reverse is true. Armaments are greater and more deadly today than they were in July, 1914. There have been numerous attempts to reduce armaments, but none to do away with them altogether, and the attempts at reduction have been feeble and for the most part ineffective.

Under the terms of the Peace Treaty Germany was disarmed, and her allies reduced to a position of impotence for the time being. But in disarming Germany, the Allies tacitly agreed to bring about world disarmament. They have failed to do so, and now Germany is insisting on one of two things, either that the Allies proceed to disarm or that Germany be permitted to re-arm. The German demand is a reasonable one. The Allies cannot expect to hold a great moral and powerful people in the position which the German people are forced to occupy at the present time.

What is to be the outcome? Will the Allies at last make a real, a determined, an honest attempt to disarm? If they do not, they will either have to agree to the re-arming of Germany, or that country will proceed to re-arm without their consent, and who will, can stop, or stop her?

But did the World War end? As a matter of fact, it is not the war still in progress, but in another form which is bringing ruin upon all nations and imposing huge and incalculable losses and intense suffering upon millions of people? The weapons now employed are not bullets and bombs and bayonets, but extreme nationalistic policies of many kinds—restrictive trade measures, prohibitive tariffs, trade quotas, immigration quotas, with each nation striving to promote its own interests by working some harm to other nations. Where do we find two nations working in cordial co-operation to advance, not only their own welfare but the welfare of each other, and the world at large? Rather, are not the nations engaged in waging war upon each other actually solely by the motive of the survival of the fittest?

Narrow nationalism kept alive, and in turn keeping alive, racial and religious suspicions, passions and bitterness, rules that, with every nation excusing its own selfishness, its own narrowness and bigotry, on the ground that other nations started it, are worse than they are, and that they are merely providing needed self-protection for themselves.

So we find Russia, while teaching its farmers and workers how to build and use tractors, at the same time instructing them in the mechanism and operation of tanks for use in war. We find democracy overthrown in Italy and a war-like dictatorship set up. Fearing each other the countries of Europe adopt policies the result of which is ruin to the agriculturists of Canada, the United States, and all of the great food exporting countries of the world. The United States and France grab all the gold in the world and store it away in vaults indifferent to the fact that thereby they bring financial chaos upon the world. Each nation is out to kill the trade of all other nations, and they have succeeded to the extent that tens of millions of men and women are thrown out of work.

It is a disheartening picture, and no one nation seems to have the courage to face it, grapple with it, make a break in the vicious circle, and attempt to cut the cords which are throttling and strangling mankind. Instead, the old, threadbare excuse is given and acted upon—"the other fellow is doing it, he is to blame, and I must follow suit or be submerged."

If this attitude is maintained much longer complete world collapse is inevitable. Conditions resulting are nothing but a hotbed in which anarchy thrives and grows apace. All the enemies of law and order, all the fanatics with pet but un sound theories of their own, are preying upon the public in all countries, promising to create utopias if the people will only arise en masse and destroy everything now existing and which has been built up out of the labor, the experience, the sufferings of the generations of the past.

It is the whole system that is wrong, so these agitators declaim, but nothing is quite so wrong as such statements. It is not the system that is wrong, although like all systems it must constantly change and improve in an ever-changing world to meet conditions as they, too, change. No, the fault lies in the hearts and minds of people themselves. They still maintain their old suspicions and dislikes of each other; they hate any race and language but their own; they scorn any religion but their own; each nation suffers either from fear or a superiority complex because one or the other is the predominant trait of character of the individual men and women who make up the nation. It is the individual view which finds expression in purblind national policies.

Many of the politicians and statesmen of the world, the men chosen to direct national and international policies, realize the situation and left to themselves would be able to accomplish much to remedy it and remove the danger which is imminent, but their people will not support them; the masses would sweep them aside and put others in their place to continue to insist upon policies of extreme narrow nationalism. It is their own suffering they are thus determined to maintain, and their ultimate undoing, which they will bring about, unthinkingly, heedlessly, and from purely selfish motives.

Enterprising saleswomen of London, England, combined pleasure with business this year by loading their cars with dresses and lingerie, which they sold to people in the rural districts during vacation trips. Two titled girls who started on a tour through Yorkshire sold out their stock within a week.

Easy To Figure Out

"I suppose, like many other husbands, you can't say what your wife pays for her hats and dresses." "Oh, yes, I can—too much." "But, joking aside, have you ever stopped to figure out how much your wife's clothes cost you?" "It isn't necessary. I simply add my income to what I owe."

All Her Children Were Troubled With Diarrhoea

Mrs. J. J. Bickert, R.R. 1, Enderby, B.C., writes:—"Last Summer all my children were troubled with diarrhoea, and were so bad I did not know what to do. A friend told me to give them Dr. Fowler's Extract of Wild Strawberry, so I got a bottle, and after a couple of doses you should have seen the change. The children were soon well again, and I am very thankful to your wonderful remedy. I find it the only one that soothes so easily and quickly."

British Scientists Make

Remarkable Discovery

Find Caterpillars Cause Of River Waters Turning Black

A remarkable discovery was made by British scientists in the Eden bridge and Oxted district of Kent and Surrey recently. Quite unaccountably, the waterways in this area were rapidly being turned black, and it was alleged that pollution from sewage farms was the cause.

As a result, the department of botany of the British Museum was invited to probe the mystery. Samples of water were taken from the streams at various points and analyzed, when the sewage farms were exonerated, as the same ingredients were present both above and below the outfalls.

It was then noticed that paths and roadways alongside the streams, and overhanging by oak trees, were thickly covered with a sooty material consisting of partially digested leaves which had been devoured by millions of caterpillars of the green oak leaf-miner.

By a very odd coincidence, this substance, washed down by natural drainage, had combined chemically with certain salts in the stream water, and the result was the manufacture of a natural ink.

This insect is quite capable of destroying an oak forest, but fortunately there is a natural check in the shape of a beardless fly known as the empy, or little hawk fly, which preys on the adult moths and is thus of immense value in saving thousands of pounds' worth of native timber—Titt-Batt.

World's Grain Show

British Empire Farmers' Co-Operative To Show At Regina

The Empire Farmers' Co-Operative, Limited, will be represented both by exhibit space and by delegates to the world's grain exhibition and conference opening at Regina in July next year, according to a cablegram received at headquarters' office of the exhibition and conference.

The Right Hon. Lord Strathclyde, chairman, who with two of the directors will attend as delegates, expressed the opinion that an excellent opportunity is thus provided to meet, to confer with and to present the scope and advantages of the Empire Farmers' Co-Operative to farmers of all parts of the Empire. Exhibit space in the new grain show building has been booked for the organization.

This will be used for the presentation of such matters as may be of interest to farmers and for convenient distribution of literature.

Technical Education

Explains Delay In Giving Effect To The Vocational Act

"Some delay has occurred in bringing the Vocational and Technical Education Act into effect because of the fact that the necessary regulations governing the act are still under consideration by the government," reads the communication explaining the status of this legislation from Hon. W. Gordon, Minister of Labor, tabled in the House of Commons. The letter was dated last March, and was in answer to protests from the Alberta School Trustees' Association against the delay in giving effect to this 1931 legislation.

Cost Of Direct Relief

Per Capita Cost In Regina Is Given As \$7.90

The per capita cost of direct relief in Regina during the period from May, 1931, to April, 1932, for food, clothing and shelter, was \$7.90, according to information given recently by Hon. J. A. Merkle, Minister of Labor.

This figure which represents an expenditure of \$420,566.53, does not include administration costs, drugs, medical attention or railway fares.

Barley In Export Trade

Production Now Amounts To Nearly 150,000,000 Bushels a Year

The production of barley in Canada is rapidly increasing and now amounts to nearly 150,000,000 bushels a year. The principal uses for barley in the export market are: Feed for Livestock; Pot and Pearl Barley; Rolled Barley; Barley Flour and Barley Meal; Breakfast Foods; Malt Food Products; Malt Coffee and Barley Coffee; Malt Flour; Malt Extract; Fermented Alcoholic and Non-Alcoholic Beverages; Distilled Alcoholic Beverages and Solvents; Industrial Alcohol; Malted Stock Food; and Yeast.

A special study of the particular needs of that section of the market which the producer seeks to serve, is essential to the satisfactory development of the export trade—Department of Agriculture, Ottawa.

Street Named After Canadian Captain

One Of Churchill's Thoroughfares Will Be Called Berard

One of the streets of the new town-site to be opened at Churchill next spring has been named after a living Canadian, Captain J. E. Bernier of Levis, Que. He is the only Canadian now alive to be given this recognition in the building of Canada's new northern port on Hudson Bay. All the other streets have been named after explorers and navigators of the north lands long since departed.

Trinkets Belonging To Edgar Wallace Sold

Several Things In Collection Bought By Late Author's Wife

A collection of jewelry which belonged to the late Edgar Wallace, novelist, brought in a total of \$1,250 in London. The sale was "by order of the receiver, Edgar Wallace administration." Mrs. Edgar Wallace bought several of the items for members of the family. An engraved gold cigarette case weighing about seven ounces brought \$75. A suite of cashmere and diamond square sleeve links and two studs sold for \$400 and a platinum watch for \$105.

Book Of Remembrance To Be Illuminated By Montreal Man

A five-year task of illuminating the Book of Remembrance which will contain the names of the 68,000 Canadian men and women who died overseas from August 1914 until the disbandment of the Canadian Expeditionary Force in 1922 is the life-work of William Purves, who exhibited a rough sample of the proposed Book in the McGill University Library here. The completed work will be placed in a specially-built vault in the Peace Memorial Tower in the Parliament Buildings at Ottawa.

"The work I am now engaged on is my life-work," said Mr. Purves when interviewed. "If I live the next five years to finish the job I shall feel that my life has not been spent in vain."

The Book of Remembrance containing 450 leaves of the finest calf-skin vellum will be bound in purple Morocco leather, mounted on solid gold and engraved with the Canadian Coat of Arms. The 68,000 names will be inscribed by hand on the parchment work of several men, but 15 pages will be fully illuminated by Mr. Purves.

He intends to tell pictorially, year by year, the story of the war; for instance, the theme for 1914 will be the carrying of troops by the navy, for 1915, the pouring in of men from every province to aid their country, and so on. Mr. Purves also plans to work into his illuminated pages many authentic scenes showing the pleasures and pastimes of the men overseas.—Montreal Correspondent Canadian Press.

Formula For Treatment Of Ores Developed At Ottawa

It is anticipated that as a result of the development of a formula for the treatment of Canadian pitchblende ores, production of radium in its commercial forms can be carried out on a larger scale in Canada, with simpler processes and lower costs than anywhere else in the world.

Referring to the possibilities of the formula which was developed in the mines branch, Hon. W. A. Gordon, Minister of Mines, said:

"Fortunately for the new field, and fortunately for humanity, the Canadian process will permit as great, if not greater, percentage of recovery, involving a shorter time and less complicated operations than any of the known methods. I have every confidence that Canada not only will be able to supply our own needs for therapeutic, scientific and commercial purposes, but we will be able to enter the world markets in competition with any existing monopoly."

Valveless Motor Device For Boats

Vast Alterations In Engine Production Seen By Inventor

Invention of a valveless four-cylinder motor for boats is claimed at Indianapolis, by John Irvine, who says he worked eighteen years on the project. Irvine believes the invention may result in vast alterations in engine production.

Valveless motors of two cylinders are in use, according to Irvine, but four-cylinder engines failed because of sipping of cylinders. Irvine said he had overcome this difficulty and found his invention to be a success in several tests.

The motor is water-cooled and is capable of driving a small craft 40 miles an hour, according to its inventor.

Irvine said he believed that with a few additional improvements his motor could be adapted to aeroplanes and automobiles.

MAKE CHANGES IN OPERATION OF RAILWAYS

Ottawa, Ont.—The Canadian National-Canadian Pacific Act of 1932, containing legislation designed to bring about far-reaching changes in the operation and conduct of the Dominion's transportation systems, was introduced in the senate recently by Hon. Arthur Meighen, government leader.

Following the recommendations contained in the report of the royal commission on railways and transportation, of which Mr. Justice Lyman P. Duff, of the Supreme Court of Canada, was chairman, the act is divided into three parts.

Part one deals with reorganization of the Canadian National system. It provides for replacement of the board of directors by three trustees, one of which, the chairman, will devote his full time to the work, and whose tenure of office will be seven years. The salaries are not fixed in the act. The trustees will have full power to control the Canadian National without consultation with the shareholders or with the government, and will appoint managing officers, including a president, who will be responsible only to the trustees.

Part two deals with co-operation between the Canadian National and Canadian Pacific and orders that the two systems take whatever steps desirable to eliminate, consistently with the proper handling of traffic, unnecessary, wasteful or uneconomical services, to avoid duplication of services, and to make joint use of facilities wherever advisable. No authority for any amalgamation of companies is given.

Part three sets up a tribunal to deal with the disagreements between the two systems. This body will be composed of the chief commissioner of the board of railway commissioners for Canada, who will be presiding officer, and one representative each from the Canadian National and Canadian Pacific.

In disputes of major importance either company may ask the president of the Exchequer Court of Canada to appoint two additional members to the tribunal. In the event of any conflict between an order of the board of railway commissioners and the tribunal, the order or decision of the tribunal shall prevail. Appeal from its judgment will be to the Supreme Court of Canada.

Earl of Bessborough Celebrates Birthday

Canada's Governor-General Passes Fifty-Second Birthday

Ottawa, Ont.—Born on October 27, 1880, the Earl of Bessborough, Governor-General of Canada, has celebrated his 52nd birthday. Birthday felicitations were extended to his excellency from all parts of the Dominion, and from many distant lands in which he is widely known.

The Earl of Bessborough is the ninth holder of a title which dates back almost 200 years to 1739, when the first Earl of Bessborough was created. He succeeded to the title on the death of his father in 1920.

Montreal Banquets Make Haul

Montreal, Que.—A swiftly executed hold-up secured for three unarmaged men the sum of \$12,000 in cash, and bonds valued at \$1,500, when they swooped down on a branch of La Banque Canadienne Nationale on Cherrier Street, locked the manager and five employees in the vault, scooped up the money and escaped.

Says Capitalist System Fails

Toronto, Ont.—The capitalist system has fallen and changes must be made to meet conditions—but the changes must be made in an orderly fashion, without violence or haste. This is the conclusion of Sir Norman Angell, M.P., famous student of international politics and former journalist.

No Offer Made

Ottawa, Ont.—The area known as "Garibaldi Park" in British Columbia, has not been offered to the Canadian Government on any terms, the House of Commons was advised in reply to a question asked by A. E. Munn, (Cons., Vancouver North). The question was answered by Sir George Perley, Minister without portfolio.

Air services between Haiti and Kingston, Jamaica, have just been inaugurated.

Canada Assured of Large Lumber Market

But Full Advantage Cannot Be Taken For Some Time

Ottawa, Ont.—Assured of a large potential market for lumber in the United Kingdom under the new trade treaty with that country, Canada will not be able to take full advantage of it for from three to five years.

This statement was given by the House of Commons by one of the leading operators of northern Ontario and the chairman of the committee which represented the Canadian lumber industry at the imperial economic conference, George B. Nicholson (Cons., Algoma East).

It was one of two conflicting views on the effect of the treaty on the lumber industry given by the House in the course of the debate on ratification of the treaty.

A. W. Neill, (Ind., Comox-Alberni), said the lumber industry would be of no value to Canada because Scandinavian countries, operating on depleted currencies, could still undersell Canada.

Mr. Nicholson said the potential market for Canadian lumber obtained would amount to more than 1,000,000,000 board feet. The British market at the moment, was saturated with lumber from Russia and central Europe and Canadian lumber had not sufficient stock on hand to satisfy the British market.

Oil Company Withdraws

Montreal Firm Decides To Drop Russian Barter Scheme

Montreal, Que.—One party to the three-cornered aluminum products deal has decided to withdraw from the transaction, Joseph Elie, a director of LaSalle Petroleum Refinery Company, has announced his company will not accept further shipments of oil.

There seems to have been some dissatisfaction about the whole deal, Elie said. He did not, he said, wish to be "bothered" with any more of the business.

Ottawa, Ont.—Complaints in connection with the quality of the Soviet oil imported recently into Canada are being investigated, the Prime Minister told Hon. Ian MacKenzie (Lib., Vancouver Centre), in the House of Commons.

Lose Trade Advantage

Irish Free State Will Not Receive Benefit Of Preference After November 15

London, England.—The Irish Free State will lose the advantage of imperial tariff preferences in the United Kingdom on November 15, J. H. Thomas, Dominions Secretary, told House of Commons.

On that date, he explained, preferences granted goods from the Dominions under last year's tariff act will expire, and as the Free State failed to conclude any trade agreement with the United Kingdom at the Ottawa economic conference its exports to Great Britain will be accorded tariff treatment similar to that affording goods from foreign countries.

Indian Terrorists

Disease-Infected Needles Said To Be Used On Europeans

London, England.—The Exchange Telegraph Agency's Calcutta correspondent reported that political terrorists in India are using disease-infected needles in attacking European and Anglo-Indian office girls en route between their offices and homes.

Thirteen cases of such attacks already have been reported, the correspondent said.

To Discuss Tariffs

Ottawa, Ont.—Liberal members and senators met in caucus to set up committees to study individual tariff schedules affected by the Canada-United Kingdom Trade Treaty. The tariff schedules will be reviewed individually by the House of Commons after the treaty as a whole has been ratified.

Thought It Was a Gas Station

Galt, Ont.—A joke is a joke, but when motorists add injury—that's different—William Mulhull, Detroit, for instance, sped through the village of Galt at 62 miles per hour. He declared he appeared in court, he declared he thought the village was a gas station. He was fined \$5 and costs.

Depression Hits Shippers

London, England.—The annual report of Lloyds register on shipping revealed that the economic depression has hit up 15,000,000 tons of the equivalent of 90 per cent of the world's total shipping.

Russian Plan Is Ahead Of Last Year

But Increase Planned For 1932 Not Half Reached

Moscow, Russia.—With the end of the first five-year plan only a little more than two months off, official figures published showed that Russia's industry as a whole accomplished less than half the increase planned for 1932, but still is running considerably ahead of last year.

The country's entire industrial production for the first eight months of this year, including heavy and light industries, timber and food industries, reached a combined average of 74.9 per cent, above the same period of 1931, as compared with a scheduled increase of 36 per cent. for the whole year of 1932.

Preparatory Conference

Conference To Negotiate Russo-Jap Treaty Is Called

Tokyo, Japan.—A preparatory conference to negotiate a non-aggression treaty between the Soviet Russian and Japanese Governments will be held here, the News Service Nippon Dempo said.

Count Yasuo Uchida, Japanese foreign minister, conferred with Premier Makoto Saito and Saionji, war minister, regarding the treaty. After hearing Ambassador Koki Hirota's report on the Russian attitude, Uchida ordered his office to start preparations for the treaty.

WORK TO BE PROVIDED FOR THE UNEMPLOYED

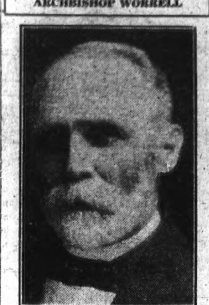

Ottawa, Ont.—Public undertakings such as sewers and waterworks, to an amount running between \$11,000,000 and \$12,000,000 will be completed in various municipalities throughout Canada up to the end of December, as a measure of unemployment relief.

Road construction will be carried out in Nova Scotia, Ontario, Manitoba and Alberta. Relief camps will be operated in the prairie provinces. Additional families will be placed on farms in eight of the nine provinces. In the west the plan of boarding men on farms, with the farmer receiving \$5 per month and the boarder a similar sum, of which the Dominion Government will pay 50 per cent, will be continued. Work will be undertaken in the national parks and by the department of national defence in the establishing of emergency landing fields.

The amount of money granted by order-in-council to the Minister of the Interior for the work which is to be carried out this winter in the national parks of Canada is \$200,000, according to the terms of the order-in-council tabled in the House of Commons. The money takes care of homeless single men.

"I am confident no one in this country need worry about being provided with food, clothing and shelter this winter," Hon. W. A. Gordon, Minister of Labor, informed Hon. Ian MacKenzie (Lib., Vancouver Centre), in the House of Commons.

ARCHBISHOP WORRELL

In order that the work of the Anglican Church in the Prince Rupert Ecclesiastical Province may survive the calamity brought about by misappropriation of funds by ex-Chancellor Machray, Archbishop Worrell, Primate of the Church, has intimated the opening of a fund to which the general body of bishops and clergy and members of the Missionary Society will be asked to contribute.

Noted Economist Resigns

Sir Walter Layton Leaves Committee Of World Conference

London, England.—Sir Walter Layton, noted economist, announced his resignation from the preparatory committee of the world economic conference because of a "serious difference of opinion" between himself and the British Government.

He said he had differed with Neville Chamberlain, Chancellor of the Exchequer, on "what further action is required in order to restore reasonable freedom to the movement of international trade."

Sir Walter does not think the government view that the desired result can be obtained through individual negotiations with foreign countries within limits set by the Ottawa agreements and subject to strict insistence on most favored nation rights will be successful.

Scottish Parliament

No Benefit To Be Gained By Asking For Home Rule

London, England.—Scottish Conservative members of the House of Commons decided not to support any move for home rule in the northern half of the United Kingdom.

At a meeting held under the chairmanship of Sir Robert Horne, a former Chancellor of the Exchequer, they reached the conclusion no benefit could be obtained by setting up a Scottish parliament.

Tea Consumption In Canada

Montreal, Que.—Canadians drink four pounds of tea per capita annually, two-fifths as much as Englishmen and half as much as Australians and New Zealanders and about five times as much as people in the United States, according to T. Field, of the Ceylon Association, who is returning to England after making a survey of the Canadian market for tea.

Short Rail Haul

H.B. Route Offers Decided Advantages For Shipping Cattle To Britain

Saskatoon, Sask.—The short rail haul from the prairies to Churchill makes the Hudson Bay route most advantageous for the shipping of cattle to the British market, was the opinion expressed by Professor A. M. Shaw, dean of agriculture, at the quarterly meeting of the Saskatchewan Board of Trade. "The navigation season opens too late to permit of large movements of grain fed cattle," he said, "but affords ready and profitable outlet for grass fed prairie beef."

Dean Shaw was of the opinion that cross-bred cattle, developed through experiments carried out by the University of Saskatchewan, made it possible for Canadian producers to compete with Argentine in the chilled meat market in Great Britain.

Federal Aid Requested

Regina Thinks Government Should Share Expenses For Airport

Regina, Sask.—Dominion assistance in bearing part of the carrying charges on the Regina municipal airport will be sought by City Commissioner R. J. Westgate, who has gone east.

Mr. Westgate will be absent from the city for about 10 days. During that time he will attend a meeting of the Anglican Church in Toronto and will visit Ottawa on civic business.

It has been the claim of the city that the airport was developed to its present state because of the air mail service. Since this service has been discontinued, the port is no longer revenue producing and the contention is that of the fixed charges the Dominion Government should assume part.

Provinces Will Be Aided

Federal Government Promises Help If Needed For Relief

Ottawa, Ont.—The government is not in a position to make any exact statement as to policy respecting unemployment relief, but if any responsible provincial government officials report their inability to care for the needy within their jurisdiction the government will take "adequate action," Hon. W. A. Gordon, Minister of Labor, told the House of Commons.

FAIRNESS TO ALL IN PENITENTIARY INVESTIGATION

Ottawa, Ont.—Local radicals planned a demonstration on parliament hill in connection with the visit of 15 relatives and friends of the Communists confined in Portsmouth penitentiary, according to notices posted here.

A sweeping investigation was under way at Portsmouth penitentiary with fairness being meted out to all, and so far there had been no development indicating the necessity of a public inquiry, Hon. Hugh Guthrie, Minister of Justice, said to 15 members of the Canadian Defence League who waited upon him. The party was refused admission.

"If a situation develops," the Minister told the delegation, "that calls for a general or open inquiry, I will be prepared to consider it. At the present time I see no reason for such an inquiry."

With a suggestion of Edward Smith, Toronto, that the riots at the institution "were strikes, the same as the strikes of any industrial workers," the Minister of Justice disagreed, holding them more in the light of revolts.

The eight incarcerated Toronto Communists were styled "political prisoners" by the delegation, who were entitled to special treatment. "We have no political prisoners in Canada," the Minister of Justice declared. "Anybody can hold any political ideas, he may like so long as he stays within the law. We have no political prisoners."

No discrimination whatever would take place at the institution in regard to the eight Communists, Mr. Guthrie stated. "No favors or no discriminations will be shown to any prisoner during the inquiry."

"These statements are being taken down by a competent stenographer, and will be forwarded to me from day to day," the Minister declared. No copies had reached him yet. When conditions became normal, the Minister said he personally would see that the visits of relatives to the prisoners would be resumed.

MANY INJURED IN BOISTEROUS RIOTS IN LONDON

London, England.—Two thousand hunger marchers, converging on London from all parts of the island, reached their goal in Hyde Park, traditional home of free speech, and precipitated the most boisterous riot London has seen in years. A score were hurt, nine requiring hospital treatment.

Singing revolutionary songs, the jobless demonstrators swung through London traffic behind the banner of the Communist hammer and sickle. Up to the Marble Arch which leads into the park from Great Cumberland Place they marched through lanes of mounted police.

A squadron of police moved their horses to press back the crowd. Some police threw a brick through a post office window. It was the signal for battle. Men and women in the mob screamed defiance at the police. The mounted men charged and the mob fell back, only to form again. Bolas and stones whizzed past the policemen's heads. Dozens of windows were broken. The rioters pulled branches from the trees in the park and tore up the park railings as weapons.

When the shouting and the tumult against the conditions of the jobless formed inside the park and threatened the police from the rear. For a time it looked as though things might get out of hand. The police, however, had made elaborate preparations for just such an event and they were ready. But it took an hour to subdue the rioters.

At the beginning of the trouble the crowd inside the park, around 50,000, had been entirely peaceable. Two dozen or more soap boxes had been set up and from these the orators ranted against the conditions of the jobless. Most of their condemnation was directed against the "means test."

The demonstration was the climax of a nation-wide gathering of unemployed and the goal was the famous park in the city's heart where the 2,000 marchers, augmented by many thousands of London's unemployed, planned to protest the "means test."

Approximately 5,000 police mounted and afoot, were assigned to special duty for the occasion, demonstrating the fact that never before had Scotland Yard taken such elaborate precautions to deal with a demonstration by the workless.

Police van motors, wireless equipped, and motorcycle squads kept headquarters in touch with the dozen or more contingents of marchers, as if the whole business were a battle manoeuvre.

A drizzle and chill wind, to which the marchers have long since become accustomed, failed to dampen the ardor of the various columns as they moved in from the rim of London with red flags flying.

British Preference

Routing Made Regarding Canadian Shipments To Britain Via U.S.

Ottawa, Ont.—Canadian goods being shipped to the United Kingdom will receive the British preference if consigned directly from Canada to Great Britain, whether they pass through the United States or not.

Canadian goods consigned to the United States and then reconsigned to the United Kingdom will not receive the preference. Premier R. B. Bennett made this explanation of the British tariff regulations in the House of Commons.

British custom commissioners have to have proof that the transit has been uninterrupted before the preference is granted.

Lindbergh's Son Named

New York.—The World-Telegram says that the second son of Col. and Mrs. Charles A. Lindbergh has been named Jon Morrow Lindbergh. The Jon was chosen for a Scandinavian forerunner of Col. Lindbergh's. Morrow is Mrs. Lindbergh's maiden name.

Cyclone Hits New Zealand

Auckland, N.Z.—A cyclone left a trail of destruction many miles long and about 300 miles wide in the Warkworth district. Buildings were razed, roofs torn off, trees uprooted and general havoc wrought. There were no deaths or serious injuries.

Big Terminal Elevator

Victoria, B.C.—At the rate grain is pouring into the Ogden Point elevator of the Alberta Wheat Pool, the 1,000,000-bushel capacity will soon be filled. There is a total of approximately 250,000 bushels of grain in the elevator at the present time.

RED CROSS CAMPAIGN.

A province-wide appeal for Red Cross will be launched in Alberta during the week of November 14th, as announced by Dr. Egbert, president of the society.

The provincial executive have decided this year that only a straight Red Cross appeal should be made and that the relief which the society is called upon to give will be dealt with through their own services, being limited to cases of sickness only, especially amongst children, and to service in the schools through the Junior Red Cross.

The Junior Red Cross Children's Hospital has during the past year been extended to accommodate 50 beds to supply the urgent needs occasioned by conditions prevailing throughout the province. The appeal will be made especially on behalf of the hospital, and such cases of urgent need and sickness in outlying districts as cannot receive relief from the government.

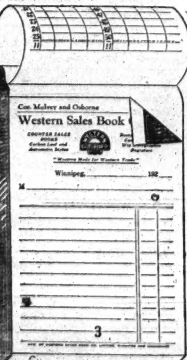

The work of the Red Cross in all its relief cases will be carried on in close co-operation with government officials so as to avoid any overlapping.

The president, Dr. Egbert, in announcing the appeal, states that few people realize the tremendous amount of work which has been done by the Red Cross during the past year with the funds put at its disposal through the Emergency Appeal. In relation to relief this year, however, it is felt that by limiting the scope of relief work to deal with the type of case that is not being covered through other sources, especially the needs of the sick and of school children, the Red Cross will be functioning more adequately within its own limits, emergency clothing relief being left entirely in the hands of the government.

His Honor, Lieutenant-Governor Walsh, has kindly consented to act as Patron of the Appeal, and the Honorable J. E. Brownlee as Honorary President. The Red Cross have been particularly fortunate in securing the services of Mr. Norman Hindley to act as chairman of the organization for the province. The appeal in the cities will take place during the week of November 21st; the latter date for rural districts has been decided upon owing to delay in threshing operations and to afford ample time for rural organization.

The society, states Dr. Egbert, appeals to every organization, to all citizens of the province, both young and old, to co-operate in this appeal.

the objective of which is placed at \$55,000.00. All funds raised will be spent within the province and local branches of the society will retain out of the monies raised sufficient to supply their own needs, after which the balance will be forwarded to the provincial office for the work of outlying districts. Organization will commence immediately.

ACTUAL MURDER MYSTERY FORMS PLOT

The "Famous Ferguson Case" was a celebrated murder mystery. A slain husband, an unhappy wife, another man—there was the problem faced by the detectives assigned to cover the case, and by the reporters who swarmed down upon the scene of the murder from newspapers all over the country.

The wife was suspected; her male friend was arrested. Which of them was guilty? Or were both of them culpable? They seemed to be straight clean, honorable American folk such as live their lives in peace and usefulness all around us; but the motive was clear and the evidence was sinister.

Supporting Joan Blondell in this mystery thriller, at the Orpheum starting Monday, is one of the largest "name casts" gathered for one picture. It includes Tom Brown, Adrienne Dore, Leslie Funt, Vivienne Osborne, J. Carrol Nash, Purnell Pratt, Russell Hopton, Kenneth Thomson, Grant Mitchell, Mike Donlin and hundreds of others.

Here and There

Honey produced in Canada in 1931 totaled 27,547,297 pounds valued at \$2,058,954. Honey is produced commercially in all the provinces of Canada.

Registering an impressive advance in prices over recent years the first batch of Nova Scotia apples in the Liverpool market brought 25s to 28s per barrel as compared with 9s to 10s in 1931.

Great improvement and development over a period of 30 years has been noted in the Canadian seed industry. Last year 3710 seed farms with 12,000 persons occupied in the production and marketing of improved seed were estimated engaged in the industry.

Preliminary returns of maple sugar production in Canada just completed for 1932 show a total yield of 1,744,475 gallons of maple syrup valued at \$2,054,277 and 7,217,350 pounds of sugar valued at \$1,022,451. This production compares favorably with that of former years.

Cutting of wheat is nearing completion and threshing is well advanced in all the Prairie Provinces, with Manitoba leading, according to a report from the agricultural department of the Canadian Pacific Railway, western line, dated September 10. Cuts and barley at that date were 75 per cent cut.

Liza Comandea, Chippewa Indian girl golf caddy at the Canadian Pacific French River Bungalow, who came eighth in the women's marathon swim at Toronto, recently has been presented with a nurse of \$150. J. G. Stratheden, manager of the Camp, stated that she would be thoroughly trained and would enter the contest annually until she won.

Wheeling airplanes added a roaring farewell to the cheers with which passengers and well-wishers greeted Captain J. A. Morrison on his return to England aboard the Empress of Britain as she sailed on her seventh departure of the 1934 season from Vieux-Quebec, Quebec. The intrepid solo trans-Atlantic flyer was promised a quiet time on his trip by Captain Latta, commander of the Empress.

"I am not running away from the election. I am out of politics and have no vote in the district of Columbia," said Mrs. Woodrow Wilson, widow of the famous United States war-time President, interviewed at the Banff Springs Hotel recently, where she stopped en route to "see where she is attending the marriage of a family connection." Mrs. Wilson motored on to Chattanooga late last week as part of her tour of the Canadian Rockies.

"I have never seen a more beautiful country or enjoyed a visit more," said Sir Philip Cunliffe-Lister, British Secretary of State for the Colonies, as he said farewell to British Columbia when leaving the Canadian Pacific Empress, 12 miles on a way to Calgary. He enjoyed his favorite sport, fishing, in that province, where he and his party took four fine fish, including a 37-pound salmon. (249)

Groups for Boys, Girls and Young People

The winter's work is now well under way with a club for boys and girls of all ages. Urge your children and young people to avail themselves of the advantages of these groups.

The Sunday School—All ages are cared for in the Sunday school which is divided into two sections, the senior Sunday school, (those over 12 years of age) meeting at 11 a.m. and the junior school at 2 p.m.

Girls' "Golden Key" Group—Age 9 to 11. Meeting every Tuesday afternoon after school under the leadership of Miss Gladys Morgan.

Girls' "Vici" Group—Age 12 to 14. Meeting every Monday evening at 7 o'clock under the leadership of Miss Lena Fraser.

Girls' "Philomath" Group—Age 15 to 17. Meeting every Wednesday evening under the leadership of Mrs. D. Oliver.

Boys' "Explorer" Group—Age 9 to 11. Meeting every Tuesday evening at 7 o'clock under the direction of Mr. J. B. Harmer.

Boys' Trail Ranger Group—Age 12 to 14. Meeting every Thursday evening at 7 o'clock under the leadership of Mr. S. McDowell.

Boys' Taxis Group—Age 15 to 17. Meeting every Friday evening at 7 o'clock under the leadership of Mr. S. G. Bannan and Mr. E. A. Harger.

The Young People's Society

This new organization will meet every Monday evening at 8 o'clock in the Sunday School Auditorium. The work is only beginning and we need co-operation of every one of our young people if it is to be a success. Come along next Monday evening at 8 o'clock and be prepared to make your contribution toward a successful group. What the organization will become will depend upon the young people themselves.

The United Church Record

This is the name of a monthly publication of the United Church of Canada. In the next few weeks some of the groups will invite you to purchase a copy of this valuable paper, and your co-operation is asked. The paper will be sold for ten cents a copy which gives the groups selling the paper an opportunity to make a profit which will be credited to them as their contribution to the Missionary and Maintenance Fund of the church.

THE MOUNTAIN HEIGHTS

For years I've loved the mountains
For their towering peaks so grand,
And wondered if they rise like that
Just at their God's command—
If the Crags' Nest and the Castle
Were shaped like that by chance,
Or if the World's great architect
Designed them in advance.

Then as I sat and pondered
On God's handiwork anew,
The lessons taught by nature
Ever less mysterious grew.
For there's little to accomplish
Once you've gained the topmost peak.
There is seldom real contentment
When you reach the goal you seek.

Where the mountains rise the highest
There the canyons are more deep;
You will find the rocks more treacherous

As you near the mountain's peak.
So the man that is most brilliant
And attains to greatest fame,
Oft times falls the very lowest
When disgrace attacks his name.

When a storm blows in the mountains,
With its drifting cold and snow,
When a thunder storm is breaking
O'er this trembling world below,
It is on the highest mountain peak
It seems to vent its spite,
It is on some lonely pinnacle
It breaks with all its might.

So it is among us mortals
Who are struggling through this life;
The man attaining greatest heights
Is centre of most strife;
While the lowly humble toiler
With his duty done each day,
Is much happier and contented,
Far less apt to go astray.

If a man will do his duty,
Use the talents he has got,
He need not crave for riches,
For he has what some have not—
The good will of his fellow man,
A sense of duty done,
And the hope of life eternal
In the life that's yet to come.

The Canadian Open Golf Championship, third of the six contests featuring yearly in the Royal and Ancient game, will be played on the course of the Royal York Hotel, Toronto, next year, world record having been received by the society of the 1934 from the Royal Canadian Golf Association.

Secretly-seen, per cent, of wheat and 33 per cent of barley in the three western provinces were harvested by September 3, according to the report issued on that date from the general agricultural department, Canadian Pacific Railway, Winnipeg. This result was reached in spite of the halt in harvesting operations due to heavy rains in wide sections of the Prairie Provinces.

"Fred, you were very restless in church this morning. Why couldn't you keep as still as your father?"

"I don't know, mamma," replied the observant youngster, "unless it's 'cause I wasn't asleep."

FOOLISH LIQUOR LAWS

Fermented drink has been known to man since the dawn of history. Wine bottles have been discovered in the tombs of Egyptian Kings and there is no race so primitive that they do not possess the art of preparing some such potentia. Why, therefore, must men seek to repress a taste so deeply rooted in their fellows, and one which indulged in, in moderation, results in so little harm? Coercion of this type rarely succeeds, and it is now openly admitted that prohibition, the subject of the United States' great social experiment, is a total failure.

At present Newfoundland is suffering a half-hearted compromise between the prohibition of the past, which likewise failed here, and a more desirable state of affairs in which no attempt will be made to restrict the freedom of the individual citizen—Newfoundland Hunter Herald.

In a little town in Scotland seven bibles have been discovered. Tony Stella suggests that that's the seven that Frank Leary had read from

Mystery cruise, so popular out of New York, Southampton and other great ports, were ushered in on the British Columbia coast with the sailing of the coastal liner Princess Patricia, of the Canadian Pacific coast service, to an unknown destination under sealed orders, recently. Close to 500 passengers were attracted by the trip.

July, red, succulent buffalo steaks grilled to a nicely, greeted the Australian and New Zealand delegates to the Ottawa Imperial Conference as they entered the dining car of their special train over the Canadian Pacific Railway. The Aussies were particularly impressed by this menu and pronounced it better than any beef they had ever eaten.

Governor Franklin Delano Roosevelt of New York, Democratic nominee for the Presidency, has for years been one of New Brunswick's most distinguished non-resident visitors, members of his family actually spending several weeks at the Roosevelt summer Grand Manan Island Group in Passamaquoddy Bay. He first came there as a mere lad back in 1898.

Answering the call of Mt. Assiniboine, Matterhorn of the Canadian Rockies, old and new members of the Trail Riders' Association, gathered at Banff July 29th with the objective of climbing the long ascent to the roof of the world and the Alpine country of the Great Divide in the vicinity of the Mountain. The ride required five days in all. Twenty American girls, summering at the Lake Windermere ranch, were among these taking part. (369)

Young Rider: "No, thank you. You're description of it is quite sufficient."

Heard in a local restaurant:

Diner: "Were you the young lad who took my order?"

Waitress: "Yes."

Diner: "You're still looking well. How are your grandchildren?"

"No, sir," said the clerk, "I can give you a room. The best I can do for you is to give you a half of a private dining room. There's a service across it, and a lady has the other half, but I reckon she won't bother you."

Thirty minutes later he ran into the lobby, wild-eyed and pale.

"Hey," he yelled to the clerk, "that woman is dead!"

"I know it," said the clerk, "but how did you find out?"

A visitor who was walking along the banks of the River Clyde, in the neighborhood of Llanfair D.C. asked a boy whom he met near a cottage:

"Is your father in the house?"

"No, sir; he is working at Rhodlanerchrygog."

"Then is your mother in?"

"No, sir; she has gone to Llanfair-mathafarneithaf."

"Dear me. And where is your sister?"

"My sister is spending a holiday with my Aunt Gwenhyfar in Llan Fawelwgwgyllogerychwymdrwyllyllanillidgorgoch."

CANADA MAKES OWN CARS

Continuing to supply practically all the automobiles for her own use, Canada, in the month of August, imported only 86 cars of all types. Fifty-eight of these cars were of the low-price class ranging in value from \$1200 downwards, and 57 came from the United States. One car came from the United Kingdom. In the same month, Canada imported only 17 motor trucks from the United States and two from Great Britain.

"WHOM HAVING NOT SEEN"

It is morning in the northland yet I cannot see the sun. Deep in a valley in the foothills of the Rockies I cannot see the sun. Onto the hills around I lift mine eyes And find them crowned with splendor. The majestic beauty of the level dawn. High overhead a solitary cloud Has caught the living rays And gleams like lace of gold on fire. I cannot see the sun— Yet I know the sun is shining For the whole earth is filled with his glory.

—By Ellsworth Toll.

The Fernie Free Press says that the congregation of a little Alberta church gave a free-will gift of \$50 to their minister who had just been initiated into the glories of parenthood. Before the service began, one deacon whispered to another, "I'll bet he thanks God for the money before he does for the baby." The minister arose to the prayer. "Our Father," he said, "We thank Thee for this timely succor which Thou hast sent us." And the deacons haven't yet figured out who won the bet.

There is an Italian proverb which says, "Not to know at twenty is never to know, not to do at thirty is never to do, and not to have at forty, never to have." Learning, of course, does not stop at twenty or doing at thirty or acquiring at forty; but if we miss the insight of twenty or the energy of thirty or have nothing accomplished

British Statesmen Relax

The British delegation to the Imperial Economic Conference at Ottawa, headed by Rt. Hon. Stanley Baldwin, Lord President of the Council and former Prime Minister of Great Britain, despite its heavy labors during the five-day voyage to Canada on the Canadian Pacific liner "Empress of Britain" had its lighter moments. The scenes above show members of the delegation visiting the Navigating Bridge of the big white flagship, and Rt. Hon. J. H. Thomas, Dominion Secretary, enjoying a game of quoits. Rt. Hon. Stanley Baldwin autographs a picture of the "Empress of Britain" for Captain Latta, her commander, looking on is Geoffrey Lloyd, M.P., a brilliant younger member of the House, who is his Parliamentary Private Secretary. Lower picture shows: Rt. Hon. Sir Philip Cunliffe-Lister, Lord Haldane, and Sir John Gilmour, receiving a short lesson in navigation of welcome, and above is seen the "Empress of Britain's" signal "Thank you."

Popularity of Canadian apples abroad has recently increased, and last year apple exports to Europe from Western Canada reached a new high record of 1,174,000 boxes, as compared with 500,000 boxes in 1930. Fruit growers are anticipating an even larger crop this year.

R. Y. Dunlop, formerly Traveling Passenger Agent, Canadian Pacific Railway, Winnipeg, was appointed District Passenger Agent, Algoma District, North Bay, Ont., effective August 16th. Mr. Dunlop has had a long and successful career with the company, and is now receiving congratulations on his most recent promotion.

Numbers of anglers returning through Ottawa and Montreal report having experienced exceedingly good bass fishing. This was the expression of a group from Cincinnati, Ohio, who recently visited the bass fishing waters of the Gatineau River, north of Montreal, according to A. O. Seymour, General Tourist Agent, Canadian Pacific Railway.

This is evidently the peak year with partridge, one would judge from the reports emanating from various parts of the Laurentian and Gatinian districts of Quebec, according to A. O. Seymour, General Tourist Agent, Canadian Pacific Railway. In almost every locality partridge, as the ruffed grouse and Franklin grouse are best known, are very plentiful. Most flocks hatched this year are nearly full grown.

New freight rates on live stock with low minimum weights to meet the competition of motor trucks in the transportation of animals to market have been put into effect by the Canadian Pacific and Canadian National Railways covering movement from stations within a radius of 150 miles of Toronto, and these were effective from August 15. The new rates are being tried out as an experiment, and it is expected they will result in a very substantial increase in the rail movement of cattle, sheep, and hogs.

One of the most interesting passengers arriving in Montreal by the Canadian Pacific S.S. Duchess of Richmond on August 13 was "Miss England III," the world's fastest motor-boat. After the international races with Gar Wood's boat at Detroit, Kaye Don will take "Miss England III" to Toronto, where visitors at the Canadian National Exhibition will be able to see an attempt by the powerful vessel to lower her own or any other new world's record. The big speed boat was accompanied in the Duchess of Richmond by E. E. Garner, senior mechanic, and "motto" to Kaye Don during the races.

Two hundred organizations affiliated with the governing body of the Canadian Chamber of Commerce, whose seventh annual convention will be held at Halifax, September 13-15, will send members to a pre- and post-convention sea cruise and land tour with the Clarke Steamship Co., the Dominion Atlantic and the Canadian Pacific Railways, scheduled to leave Montreal September 3 and return there September 15. The sea cruise will be on the S.S. New Northland, calling at Antigonish, Sydney, St. Pierre-Quebec, St. John's, Newfoundland, and Halifax, prior to the convention, and will cover the Maritime Provinces after it.

Cost of travel to Eastern Quebec, the Lower St. Lawrence and to resorts in the Maritime Provinces has been deflated this summer in a fare revolution that has never been equalled in the history of the railways of Canada. This reduction works out at about one-fifth for the round trip to any one of a score of glorious summer centres on Canada's untraversed Atlantic seaboard with proportionately reduced fares to many other destinations in eastern Quebec and the Maritime Provinces which are also in effect from starting in the province of Quebec, Montreal and west, and also in Ontario, Guelph, Canada, and in the United States. This fare concession by the railways of Canada is in effect during the month of August and a return limit of 21 days, the date of sale. (525)

The criminal libel charge against C. B. Halpin & Sons, editors and publishers of the Western Globe, London, on which they were remanded for trial some weeks ago, was dismissed in the supreme court at the fall sittings in Red Deer by Chief Justice Simmons, when the complaint failed to appear. The charge was laid by John J. Maloney, publisher of the Liberator (an anti-Catholic sheet) and a leading Klanman.

There may be a ban on riding the rails, but J. Graham Oates, of the Isle of Man, has never heard of one on riding the rails. Oates left Churchill recently by train for the Paz, after negotiating the Hudson Bay Railway to that northern port on a motorcycle, the rubber-tired wheels of which were kept on the rails by means of a small flanged wheel on one rail in front of the machine as a steering device. By this method, Oates, who some time ago came to Canada for a trip across the Dominion to advertise British goods, was able to travel safely at 20 miles an hour.

FORTY-FIVE MILLION CROSS THE BOUNDARY

Over 45,000,000 persons crossed the 5,500 miles of international boundary between Canada and the United States last year.

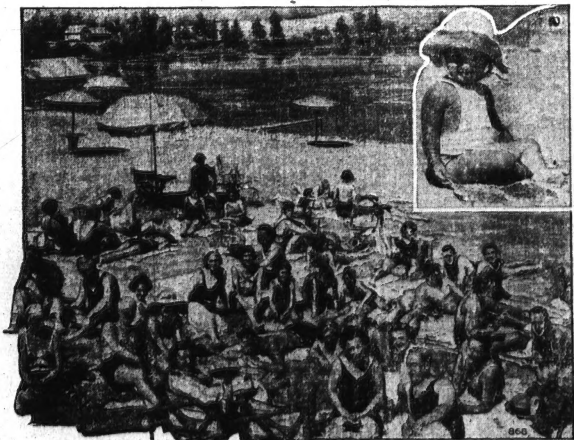

The heaviest traffic was between Detroit, Michigan, and Windsor, Ontario, where two ferry companies operate across the Detroit river in addition to one bridge and a tunnel for pedestrians and vehicles; a railway tunnel and three systems of railway ferries also cross at this point. The traffic on the bridge across the Niagara river at Fort Erie, Ontario, Niagara Falls and Queenston, Ontario, was also heavy.

Total traffic of international bridge, ferry and tunnel companies during 1931 consisted of 7,597,983 motor vehicles, 213 horse-drawn vehicles and 26,128,767 pedestrians and passengers, exclusive of drivers of vehicles. This tally counts one round trip as two trips. Including drivers, the total number of persons crossing the border on ferries, bridges and through tunnels was 33,726,740. Other international crossings, according to the Canadian Government Bureau of Statistics report on tourist traffic, included: motorists crossing on highways, 8,537,474 persons; railway passengers, exclusive of through passengers, 2,539,616 persons; boat passengers, other than ferry, 508,500, a total of 11,585,590, which added to the 33,726,740 persons who crossed from Canada to the United States and vice versa, by bridge, ferry and tunnel, makes a grand total of 45,312,330.

The highway motorist traffic is estimated, based on the Customs data on motor vehicles entered and exported, and the average number of persons per vehicle as computed from returns supplied by tourists.

The world's largest liner, a giant Cunarder, 1,015 feet long, is being built in Scotland for the trans-Atlantic "travel," despite the likelihood that the airships crossing in less than half the time, may soon be competing. The new liner's power plant will generate enough current to light a city of 100,000 and her engines will have 200,000 horsepower. Thirty thousand tons of steel will go into this floating hotel, which will have 10 miles of carpet. That no passenger may become seasick, a million-dollar gyroscope, weighing 300 tons, will be placed in her hold to keep her on an even keel in the roughest sea. A special pier will have to be built for the big ship at New York and Southampton, and the Hudson River will have to be deepened.

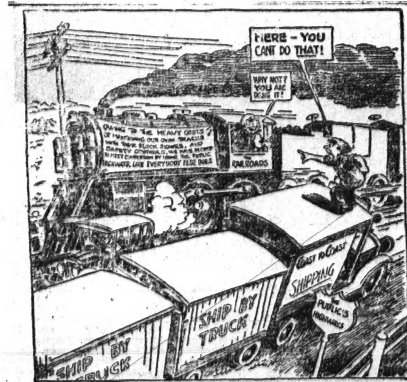

St. Andrews-By-The-Sea

Sea bathing in the warm waters of Katy's Cove, St. Andrews-by-the-Sea, New Brunswick, and sun bathing on the shining sands, are two of the most healthful and entertaining occupations of those who visit this popular and smart resort, which centres on the Algonquin Hotel of the Canadian Pacific Railway.

The illustration shows a group of socially prominent people from Canadian and United States cities sun bathing after a most refreshing plunge, and includes:—Mr. and Mrs. H. M. Rodmond; the Hon. Pezzy, Hazel and Anne Shauhenney; Judge and Mrs. Bond; Miss Margot Rodmond; Mrs. S. Watson; Mrs. R. D. Bell; Mrs. George Balfour; Mr. Donald Markey; Col. Allan Magee; Gordon Shirres; Gordon Reed; Miss Dora Magee; Mrs. Nora Walworth; Mr. R. C. Stevens; Miss Canille; of Montreal; Miss H. D'Arcy, St. Louis; Miss V. Schoonmaker, New York; and D. A. Anderson, Ottawa.

Inset is little Miss Lucinda Marguerite Vaughan of Montreal, who is showing the world what the well-dressed infant wears when about to paddle in the warm water, or build a great big castle on the sands.

BELLEVUE HAPPENINGS

The ladies and minister of Bellevue United church wish to express their appreciation to all those who in any way helped to make the supper and rally on Monday night such a success. Thanks are especially due to the Revs. A. E. Larke, Roy Taylor and W. M. Whitmore for furthering the project in their congregations; to the Blairmore and Hillcrest Ladies' Aids for the loan of dishes and cutlery; to Mr. Barlett for advertising space in The Enterprise and for a large number of handbills. The appearance of Dr. Cochrane in Bellevue, whilst on his Dominion-wide crusade on behalf of home missions, was largely due to the initiative of Rev. A. E. Larke, convener of the Missionary and Maintenance Committee in the Lethbridge presbytery. His suggestion that Dr. Cochrane should not only visit Pincher Creek, but also one of The Pass towns, was found feasible, and the rally in Bellevue materialized.

Miss Olive Goodwin left for Vancouver on Thursday night's train, where she will resume her work as a nurse. Miss Goodwin has been visiting her mother, father and brothers for the past month.

The whist drive and dance, held in the I.O.O.F. hall on Friday night, under auspices of Bellcrest Chapter, O.E.S., was very well attended. Mrs. W. McDonald and Joe McKenzie won the door prizes, while Mrs. Costick landed the ladies' first prize for whist; Miss Margaret Halliwell, second; Bill Cox, gent's first, and Mr. Pollock, second. The large crowd enjoyed dancing to music supplied by the Arcadian orchestra.

Mr. and Mrs. Bant and family, of Lundbreck, were guests of Mr. and Mrs. Costick on Sunday.

Mrs. A. Goodwin returned home on Wednesday from Calgary, where she had been visiting her mother, Mrs. J. McDonald.

Mrs. G. W. Goodwin left Monday on a visit to Calgary.

Arthur Nicol has left for his home in Cranbrook, on a brief holiday. While out west, Arthur will make a hunting trip.

Reg. Evans, of Blairmore, has been relieving at the Bellevue branch of the Royal Bank.

Mrs. Carl Bogan is a patient at the local hospital.

Mr. and Mrs. Joe Houde are rejoicing over the birth of a son.

Mrs. (Dr.) Stewart, of Blairmore, spent Tuesday in town, the guest of Miss M. Matkin.

The United church was well filled on Monday evening for the grand missionary rally-supper, and to hear Dr. Cochrane, of Toronto, general secretary of the Home Missions board. The ladies served a sumptuous supper in the gymnasium from 5.30 to 7.30, which was well attended. The pastor, Rev. J. Wood, occupied the chair for the early part of the programme in the church, while Rev. M. Whitmore, of Pincher Creek, officiated for the rally service. The programme was much enjoyed, and included a solo by Mr. Albert Christie, anthems by Hillcrest and Bellevue choirs, solos by Mrs. Cranston, of Bellevue, and Mrs. G. Stevens, of Blairmore. Mr. Whitmore introduced Dr. Pritchard, of Lethbridge, who spoke briefly of the work of the church and the money required to carry on the work. On being introduced, Dr. Cochrane delivered one of the ablest discourses local people have been privileged to hear. He dealt with not only phases of religious endeavor, but various problems confronting governments and the people of all lands today. The visit of Dr. Cochrane to The Pass will be long remembered by those who were fortunate enough to have heard him on this occasion. Other pastors present included Revs. A. E. Larke, of Blairmore United church; Roy C. Taylor, of St. Paul's United church, Coleman, and Rev. A. S. Partington, of the Anglican church.

COWLEY HAPPENINGS

On Monday night a well attended and very successful Halloween party was staged in the I.O.O.F. hall, which was appropriately decorated with many weird creatures of the darkness. This together with the many and varied costumes, lent the exciting spirit, which kept the young folk on the jump for a few hours in a number of lively games and frolics, led by Miss Nellie McWilliams, principal of the Cowley school. Apples, candies, nuts and sundry dainties in abundance were given to the crowd throughout the evening. The prizes for costumes, which were judged by Rev. Father O'Dea and Mrs. Robert Littleton, were awarded as follows: best fancy costume, Florence Pota; best comic costume for girls, Irene Freeman; best comic costume for boys, Edith Murphy; special comic costume, Muriel Easterbrook, who was dressed as a decrepit old grandmother.

Little Miss Nancy Gunn, of Lundbreck, we regret to report, is confined to her bed with rheumatic fever.

A very successful bazaar, sponsored by the ladies of the Roman Catholic church, was held in Lundbreck on Wednesday afternoon of last week where various articles in sewing and handiwork, as well as home-made cooking and candies and sundry nothings, were on sale, at which many of the ladies took advantage of doing a bit of Christmas shopping. While the bazaar was in progress, tea was served from daintily laid tables, where a pleasing programme was rendered.

A well attended dance, held in conjunction, took place in Lundbreck on Friday night, when excellent music was supplied by the Crow's Nest Troubadours. From tickets sold on articles previous to the bazaar, prizes were given out on the night of the dance to the following: first, N. 3261, occasional chair, Rev. J. Smith, Calgary; second, tea set, No. 2777, Mrs. F. A. Tustian, Cowley; third, bridge lamp, No. 2822, Mrs. George Tallon, Calgary; fourth, five dollars, No. 3122, Mrs. Catherine Griffith, Charlottetown, P.E.I.; fifth, five dollars, No. 3112, Mrs. John Eddy, Beaver Mines; sixth, sack of flour, No. 145, Mrs. J. M. Hockett, Pincher Creek; seventh, ton of coal, No. 3,993, Rev. C. Clancy, Calgary; eighth, ham, No. 1147, Donald Carlyle, Bellevue; ninth, turkey, No. 103, Mrs. Daniel Melisse, Cowley; tenth, box of apple No. 3082, Miss Winnifred Sault, Lundbreck. Special prizes: pin cushion, won by P. Patterson, Cowley; black hand-painted cushion, Jack Robinson, Lundbreck; turkey, Mrs. Billie Ritson, Lundbreck; turkey, Mrs. Lou Lemire, Cowley.

Miss Bessie Crowder held a dance on Friday night in aid of the Christmas tree fund, at the Willow Valley school house, where she is engaged as teacher. Music was furnished by the Kropinak orchestra.

Mr. and Mrs. A. Noel Cox, of Lundbreck, are leaving for California this week, where they intend spending the winter. They are planning to stop for some time at Hollywood.

The first meeting of the Girl Guides since the summer holidays was held at the home of Miss Allen Cooper on Sunday evening. The meeting was chiefly devoted to singing, in which all members took part wholeheartedly to the happy accompaniment by Miss Maud Stafford. A debate, which lasted a half hour, added spice to the evening. After laying plans for hiking, skating and coasting parties, the meeting adjourned, when an appetizing luncheon was served by the hostesses.

On Saturday night last, the young folks of the village enjoyed a party at the home of Mrs. Cowin.

Harold Cleland, who has been on the ailing list for several days, has returned from St. Vincent's hospital, Pincher Creek, considerably improved in health. Mrs. Cleland is also on the sick list, suffering from blood poison in one hand, and is under the care of a doctor.

An epidemic of jaundice has been prevalent in the district for a few weeks, with several falling ill of the malady.

CORBIN HAPPENINGS

A very successful tea was held by the ladies of the United church on Monday, October 24th, when the sum of forty dollars was raised in aid of the salary fund. Many generous donations were very much appreciated by the sponsors of the tea.

On Tuesday, October 25th, the Canadian Sisters and Knights of Pythias, and their families, spent a very enjoyable evening, on the occasion of the visit of their grand chancellor, Mr. C. Slough, of Vancouver. After a delightful banquet, a dance was held, with the Corbin orchestra in attendance.

The Pythian Sisters will hold a bridge drive on November the 8th at the B. & B. hall, with the usual good prizes and refreshments.

The Community League gave a very successful dance in the B. & B. hall on Friday last. The Corbin four-piece orchestra was in attendance and a lively crowd danced until the wee sma' hours.

An item of interest is the concert and dance being held next week by the Youth's Sport League, a new Corbin organization.

Corbin boys and girls were very delightfully entertained on Halloween by a huge bonfire and Weiner roast opposite the play ground. The fire-light discovered many fantastic costumes, and many wide smiles, as the children enjoyed to the full the good time, which was under the direction of Mr. Booth.

Mrs. G. Oakley, of Fernie, is visiting her daughter, Mrs. Fred Dawson. Mrs. Clarence Petrie returned from Kaslo on Sunday with Mr. Petrie, who motored to Kaslo over the week end.

Mrs. Barney Lyne and infant daughter, Shirley Anne, are spending the week with relatives at Michel.

Mrs. J. Thompson, with her infant son, have returned to Corbin, and are getting settled in their new home.

A few more cases of measles have been reported, but are all doing well. Others are now out of quarantine and have returned to school.

Snow fell to a depth of six inches during Thursday, making the Corbin road several miles of mud, ice and holes. However, many cars went out over the week end, but reported slow going. The snow has remained to date, with quite frosty weather and cloudy skies.

All records for the story of the "big one that got away" were broken recently when a well-known fisherman hooked a heaver in Vermilion Lakes and played it for five minutes after which the fish was landed with loss of fly and tippet. The hero of the exploit was S. C. Bennett, of Toronto, a guest at the Banff Springs Hotel.

Canadians got a thrill recently when Captain J. A. Mollison, intrepid trans-Atlantic solo flyer, spoke over the air, which he has conquered, from the Mayfair Lounge of the Canadian Pacific Hotel, Empire of Britain. Captain Mollison was heard on 31 radio stations from Halifax to Victoria over a network arranged by the Canadian Pacific Department of Communications. Loud speakers distributed the broadcast to 60,000 visitors at the big exhibition at Toronto.

Though the "Princess Royal" veteran of the Canadian Pacific Railway B. C. Coast steamship fleet has been scrapped and is now in the limbo of departed ships, her forecastle bell remains on the air at Ocean Falls, B.C., where it has been installed at the Ocean Falls United Church mission, which ministers to the spiritual welfare of Japanese children.

Official and unofficial delegates to the Imperial Economic Conference went sightseeing from August 12th to the 14th. Two tours from Ottawa were arranged, both leaving the capital in special Canadian Pacific trains late Friday night, August 12. Shawinigan Falls and Three Rivers were visited by one party, while the other members were cruising down the St. Lawrence from Kingston to Montreal and spending Saturday evening in the metropolis. None of the United Kingdom, Canadian, Australian, New Zealand or Newfoundland or Irish government ministers were able to absent themselves from Conference deliberations, but their delegations were well-represented. Ministers enjoying the trips were Hon. N. C. Haynema and Hon. A. P. J. Fourie, South Africa, and Hon. H. W. Moffat, Southern Rhodesia. The Canadian Government was represented by Hon. Arthur Sauve and Hon. Maurice Dupre, with the Shawinigan party, and Hon. Alfred Durnan and Hon. H. A. Stewart, with the other party.

Favorable development of this year's crop on the prairie provinces is noted by the Canadian Pacific Railway's weekly report issued recently by the Agricultural Department in Winnipeg. Most of the wheat in Manitoba and Eastern Saskatchewan is headed at an average height of two feet, and elsewhere ranges between advanced stubble to headed stage. Little loss has been only local and in scattered districts.

Bob Davis, roving columnist of the New York Sun, and probably the most travelled newspaperman in the world, has been staying at the Banff Springs Hotel on his way back from Hawaii, accompanied by Mrs. Davis. Mr. Davis has a flair for the unusual, and will likely unearth a wealth of good material for his column among the old timers of the Rockies.

Traction comparisons in connection with motor vehicles and railroads should take into consideration that the railways pay for their own roadway, and also to some extent for the roadway used by their motor vehicle contributors, says the "Traffic World." This brings in the question of low-much state motor vehicles should pay for the highways and whether they are doing it.

Dominico Passalacqua left by Monday night's train for New York, where he will visit a brother for a few days, prior to sailing on the steamship Rex for his old home in Italy. Thousands of people gathered at the depot to bid his popular self bon voyage.

After citing the present law that all vehicles, other than trains, are compelled to stop before entering or crossing a provincial highway, coroner's jury at Woodstock has recommended that the railways should also be forced to slow down.

"This is a wonderful suit I am wearing." "It looks very ordinary." "But the wool came from Australia, English merchants sold it to a Scottish factory, it was woven in Saxony, made into a suit in Berlin—" "Nothing wonderful about that." "No, the wonder is that so many people can get a living out of something I have never paid for."—Pincher Creek Echo.

Rev. A. S. Partington, formerly rector of St. Theodore's church, Taber, now of Coleman, was the guest of Mr. and Mrs. W. E. Walker at Taber on Tuesday and Wednesday, while there to visit Mr. Primrose who has been in ill health for some time. Rev. Partington was accompanied by Major Gresham and Mr. G. E. Hills, both of Blairmore, who were visiting friends.—Lethbridge Herald.

Monday, Hallowe'en, was celebrated by Angus Chais as the umpteenth anniversary of that glorious opportunity of falling into a hole. Several years ago, Angus undertook to superintend the operations of a gang of lads on a Hallowe'en night. Part of the night's very clever (?) programme included the upsetting of small "houses of parliament," in the effort to upturn one of which Angus precipitated into the filthy pool below. No less than seventeen persons left town the following day, not being able to withstand the odor, don't cher know.

"Bill" Knight is mentioned as possible candidate for the Blairmore mayoralty.

Allan B. Macdonald, former Macleod sheriff, died at Calgary on Friday last aged eighty-nine years.

J. B. Slough, of Vancouver, grand chancellor of British Columbia Knights of Pythias, has been visiting lodges in the Kootenay. Mr. Slough attended a mass meeting of lodges in this district last year, when representatives of the Alberta grand domain were present.

A postcard sent to the Enterprise by the Consul General of the Netherlands, at Montreal, warns us not to accept advertising for the sales of Netherlands bulbs, and also warns those reading such advertisements not to send money to advertiser, as they will not receive any bulbs.

The award of a contract for coke to the International Coal & Coke Company, Coleman, will mean considerable additional work for that town. Seventy thousand tons of coke are to be delivered to the Consolidated Mining & Smelting Co. at Trail during 1933. Already a gang of men are busy repairing the ovens, which have been idle for quite a number of years. Around ninety ovens will be put in operation.

The practice of defacing notices in the local post office, most of which are placed there legally in the interests of various governmental departments, continues, and it is regrettable that some party has not before now been brought to justice and made an example for others who feel they are within the law in performing such tricks. One of the latest was noted on Wednesday morning, when an announcement of a funeral was blurred over with the word "booh!" Hurtful as it no doubt appears to relatives and friends, and not at all expected from a civilized being.
